Apart Together

Coronavirus / Covid-19 Update, Vol. 17 May 28, 2020

Dear Friends,

We are very much still in the middle of this pandemic. We have actually seen an uptick in cases reported here in Cornwall in the last two weeks. Although the numbers are small, they show the virus is still out there. The need for masks, social distancing and common sense remains acute. We are currently working on ways to open up the Town beach and tennis courts safely for the Summer. We have been getting guidance from the State and Health District.

I would encourage you to watch the Cornwall Memorial Day videos at the following links: <https://youtu.be/3UBr2og74B4> & <https://youtu.be/6CwSqD7sEXg>.

Sincerely,

Gordon Ridgway
First Selectman
Town of Cornwall, CT
