Coronavirus / Covid-19 Update, Vol. 28 August 20, 2020

Hello Friends,

Cornwall and Connecticut Continue to do well in Covid case numbers. There have been some increased cases around requiring temporary closure of two restaurants in Torrington. Thanks to everyone for wearing masks and protecting each other.

C.C.S. will open the day after Labor Day so please – avoid that area on Cream Hill Rd during early morning due to anticipated congestion due to increased parents dropping off students.

A local hero of our community effort is Jen Markow, Park and Rec. Director, who has been keeping in touch with our seniors and youth through this emergency. Jen has also provided goody bags to residents.

Heather Dinneen, our Social Service Agent, reports that there is an increased need for food at our pantry due to losses from Storm Isaias.

Heather's Wish List for this week is:

Peanut butter (creamy)	Canned tomatoes - whole, chopped, diced
Applesauce	Canned corn
Pasta Sauce	Laundry detergent
Vegetable soups (canned)	Size 5 diapers
Cooking oils	Dish soap
Rice	Dishwasher detergent
Kid's snacks and juice boxes	

Donated items can also be sent to The UCC Church, 10 Bolton Hill Rd, Cornwall, CT 06753.

Thanks to the over 300 people who have contributed to the Food & Fuel Fund @ PO Box 97, Cornwall, CT 06753. Your donations make a big difference to many people.

Sincerely,

Gordon Ridgway
First Selectman, Town of Cornwall, CT

P.S.: Our health officials are asking people to get their flu shots.
