

WC Septic Sub-Committee Meeting
Friday, February 12, 2016 at 11am
at 358 Furnace Brook Road, Cornwall Bridge, CT 06754

Attendees: Todd Piker, Libby Mitchell, Joanne Wojtusiak and Tom Canellakis (joined at 11:45 am)

The goal of the meeting was to prepare a letter to go to 4 engineering firms that will be asked to submit their credentials and a scope of service proposal at our next meeting in March. Libby prepared a draft letter in real time based on inputs from all present as well as written materials reviewed at our meeting the previous evening. After a final reading of the draft, it was agreed that the draft would be sent to Gordon Ridgway for a final review. We also agreed to send the map of WC prepared by TAHD to Dusty McMahan at Goman & York for any upgrades and improvements he can make to the map. When the letter is approved and the map is revised, copies will be sent to: MMI, Goman & York, Cardinal and a firm to be identified that did the work at Salisbury School.

The meeting was adjourned at 12:05pm.
