**Subject:** Support for Little Guild Use of Foote Fields

To: Cornwall Planning & Zoning Commission  
From: Barton and Debby Jones

We support the use of Foote Fields by the Little Guild as a temporary place to continue their work while they renovate their existing facility.

We live on Popple Swamp Road in close proximity to Foote Fields. We are not concerned about any additional noise that may be caused by Little Guild. It will be minor as Route 4 creates major noise issues in our neighborhood as trucks and cars accelerate way above the speed limit on this one straight stretch of Route 4. Speed cameras are a must.

We would also welcome Little Guild dog walkers to Popple Swamp Road as well as the use of nearby Cornwall Conservation Trust trails.
