

Sales W-448 & W-452 Pre-Harvest Site Walk Map Housatonic State Forest

Cream Hill Block
Cornwall and Canaan, CT
Gold Rd, Titus Mountain Rd & Mansfield Rd

August 2024

Prepared by: Jill Humphreys

Purpose

The goals of this project are to salvage dead and dying oak trees impacted by spongy moth defoliation and create optimal conditions for successful regeneration. These harvests will also remove hazardous trees and reduce the fuel load for wildfires.

For more information about these projects, contact DEEP Foresters: Jill.Humphreys@ct.gov / Gerard.Milne@ct.gov

Legend

Harvest Area W-448	CFPA Blue Trail
Harvest Area W-452	Gate
A	Town Line
